Book of Secrets, Rabbi Yizhak Isaac Safrin of Komarno (1806-1874) recounts incidents in his life and visionary experiences.

A dynamic and hip collective biography that presents forty-four of America's greatest movers and shakers, from Frederick Douglass to Aretha Franklin to Barack Obama, written by ESPN's TheUndefeated.com and illustrated with dazzling portraits by Rob Ball. Meet forty-four of America's most impressive heroes in this collective biography of African American figures authored by the team at ESPN's TheUndefeated.com. From visionaries to entrepreneurs, athletes to activists, the Fierce 44 are beacons of brilliance, perseverance, and excellence. Each short biography is accompanied by a compelling portrait by Robert Ball, whose bright, graphic art pops off the page. Bringing household names like Serena Williams and Harriet Tubman together with lesser-known but highly deserving figures such as Robert Abbott and Dr. Charles Drew, this collection is a celebration of all that African Americans have achieved, despite everything they have had to overcome.

Although fiction writers must concern themselves with "big picture" issues such as plot, theme, and character development, much of the day-to-day work of writing involves finding answers to seemingly minor questions: How should I describe the exterior of a house? How can I construct the voice of a historical narrator with authenticity?

How should I depict a physically atypical character? Few books on the market address the problems and opportunities present in these and other questions, yet they are the ones that most writers grapple with on a daily basis. *Danger on the Page: A Fiction Writer's Guide to Sex, Violence, Dead Narrators, and Other Challenges* identifies and explores some of the more common and intractable situational challenges of fiction writing, with chapters grouped into the general subject areas such as scenes, characters, points of view, and settings. Shawver delves into the pitfalls and opportunities of writing about sex, violence, sports, and love; he examines writing from the perspective of a different race, gender, or species; he interrogates conventional beliefs about the use of brand names, the description of architecture, and the portrayal of nature. Throughout, he gives dozens of examples from both literary and commercial fiction so readers can borrow (or reject) other writers' techniques and explore the myriad challenges of fiction writing on their own. A lively and witty approach to a diverse range of specific writing issues, Shawver's book will appeal especially to intermediate-level writers seeking to bring their craft to the next level.

niche.” –Publishers Weekly Citizen-in-Chief, *The Second Lives of the American Presidents*, is a smartly researched, surprising, often witty, and always revealing look at former presidents from George Washington to George W. Bush. Authors Leonard Benardo and Jennifer Weiss offer readers entertaining true stories of the radical turns, provocative rehabilitations, and tragic trajectories of presidential lives after the White House. Washington Post columnist Richard Cohen calls *Citizen-in-Chief*, “an engrossing book, Benardo and Weiss tell a fascinating tale,” and he properly states that where our nation’s leaders went after leading is often “more interesting than the presidency itself.”

What is the Kingdom of God? What does it mean to be part of the kingdom? These are questions that should occupy the mind of every Christian. But we frequently shy away from the full meaning of God's rule. In *Christian Archy*, Dr. David Alan Black examines the New Testament to find the truly radical and all-encompassing claims of God's kingdom. In doing so, he discovers that the character of this kingdom is widely different from what is commonly contemplated today. Its glory is revealed only through suffering - a point that Jesus' disciples, then and now, have been slow to understand. This truth has tremendous implications for church life. The kingdom of God is in no

way imperialistic. It has no political ambitions. It conquers not by force but by love. It is this humble characteristic of the kingdom that is a stumbling block to so many today. Christ's claim to our total allegiance is one we seek to avoid at all costs. But there is only one way to victory and peace, and that way is the way of the Lamb. This is the first volume in the new Areopagus Critical Christian Issues Series from Energion Publications. We believe it is an appropriate way to begin that series by addressing this foundational question of who we are as part of the Christian church, and why it is important for us to immerse ourselves in God's word.

Witch Lark McClure has survived a vicious vampire attack that shook her confidence and left her struggling with feelings of helplessness and fear. The last thing she needs is a partnership with Gawain, a handsome vampire knight who means to seduce her every chance he gets. Gawain believes he needs Lark for one thing and one thing only—and it's not her skill with magic. In the process, he plans to help her overcome her fear and show her the pleasure to be found in a vampire's arms. But even as passion sizzles between Lark and Gawain, a revenge-driven killer targets them. If he has his way, Lark, Gawain, and the world itself will pay the price.
