The standard editions of the 1611 King James Bible (or Authorised Version) currently available give, with little variation, the text as established by the Oxford edition of 1769. They give the reader, therefore, a seventeenth-century text in mid-eighteenth century clothes -

clothes which are neither original nor modern. In this new edition of the King James Version the text has been collated with the translators' original work in order to give the reader as closely as possible the exact text on which the translators decided. It has also been given consistent

Every time you wheel a shopping cart through one of Walmart's more than 10,000 stores worldwide, or swipe your credit card or purchase something online, you enter a mind-boggling logistical regime. Even if you've never shopped at Walmart, its logistics have
