Gasms and what you  
will LEARN!!

Though I wrote  
this book with a  
“submissive male-  
dominant LADY”  
twist, the truth  
is this.

Nipplegasms can  
be had by  
EVERYONE. Male,  
female, gay,  
straight, bi,  
not, lesbian,

# Where To Download

Everything in the middle! The submissive dominant twist is ONE aspect of it, but even if you're in a vanilla relationship - nipplegasms are the BEST thing ever - believe me - once you get USED TO

# Where To Download

THEM! But, let me try and divide this into “benefits for the male” and the female! (I shouldn't have to, hehe, but let me try anyway!) For the male ... who should ideally be groveling at HER feet! How to

feel utterly  
helpless - at  
HER COMMAND -  
and under her  
complete CONTROL  
- all with out  
even her  
TOUCHING YOU  
(the first tip  
in the book does  
this! How to  
have orgasms  
that you

Dear Reader, MY  
FINGERS BE A  
SHAKING AS I  
WRITE THIS!

Welcome to  
Sissygasm  
Central - our  
latest  
“offering” (pun  
not intended!)  
in the fetish  
“how to” area.  
Mike Watson is

# Where To Download

Well known for his in depth and detailed manuals on BDSM and “how-to’s” in that regard. Years ago, yours truly started with the pathbreaking and immensely popular “A complete guide to understanding dominant ladies

# Where To Download

from the Chinese  
mainland” and  
then the book on  
ruined orgasms ...  
... and then,  
well, all the  
manuals you see  
on the site -  
not to mention  
all the works of  
fiction I've put  
out thus far!  
Quite a lot, I'd  
say, but for

# Where To Download

Whatever reason,  
and despite my  
own personal  
love of this, I  
hadn't addressed  
this JEWEL in  
the femdom crown  
... sissygasms!  
I've got close,  
of course.  
Ruined orgasms,  
and that's been a  
very popular  
course! But

# Where To Download

**Gasm** sissygasms are the ultimate, my friend, and they take ruined orgasm one, two - and multiple steps ahead, and way beyond! If you're a true male submissive, you'll LOVE this course, as it's the "creme la de creme" tool in

# Where To Download

**Gasm** your sissy  
conditioning  
toolkit. Once  
you go  
sissygasm,  
you'll never go  
back! And the  
same thing holds  
true for you  
ladies and  
dominant males  
administering  
these! But first  
off, an

# Where To Download

Important point  
... The difference  
(and overlap)  
between ruined  
orgasms and  
sissygasms! Both  
are similar, and  
both are  
DIFFERENT. Both  
involve the  
involuntary  
RELEASE of semen  
in a manner that  
is both

# Where To Download

humiliating, and does NOT involve the pleasure of REGULAR “real man” orgasms. A key point there being release. Releasing that excess nasty fluid in there, boy! But NO pleasure involved - at least with a

# Where To Download

Guam ruined orgasm if  
done right. The  
difference,  
however, starts  
right there! And  
as I say in the  
book, ruined  
orgasms really  
just the first  
step to true  
sissydom, and  
the very  
pinnacle of  
embracing your

# Where To Download

submissive side  
(or your  
dominant side,  
if you're a lady  
reading this!).  
We'll do  
something  
DIFFERENT in  
this course.  
Normally, at  
this point I'd  
outline a list  
of benefits for  
the "subbie" and

# Where To Download

his Domina in point format. On different page for each! Which I might well end up doing here too. But really, the benefits are the “why” here! Physically, you get to have ALL the pleasure associated with multiple orgasms

# Where To Download

as a sub - - and  
the HUMILIATION  
associated with  
having your  
“mangina”  
invaded, often  
times multiple  
times ... and  
referred to as  
that! The  
humiliation of  
having your  
penis ignored is  
something else

# Where To Download

Together, let me tell you, not to mention as you look down there and see the “shrunken thing” leaking pre cum before the final “piss”! (Note - lots of men may notice pre cum - that white clear fluid leaking

# Where To Download

before the actual “pissing cum” that I’ve referred to above and the “pushing out of the cum” (NOT CONTRACTIONS!) occurs). Best part - no refractory period. Your anus will contract

# Where To Download

involuntarily  
upon release,  
but that only  
makes it feel  
better for the  
dick inside of  
it! ... and  
much, much more!  
I didnt even  
scratch the tip  
of the iceberg -  
pun intended!!  
Grab this NOW!
