A stunningly lyrical work, *The Great Golden Sacrifice of the Mahabharata* reinterprets Vyasa's epic from Arjuna's point of view. As Arjuna relives the battle of Kurukshetra, he senses a profound change coming upon himself. He begins to understand the true meaning of surrender and sacrifice. The book comprises three parts, narrated principally by Arjuna. Part I takes us through the childhood and youth of the Pandavas and Kauravas, the game of dice, the Pandavas' exile, and ends with the armies arrayed for battle at Kurukshetra. Part II recounts the battle itself, and the teachings of the Bhagvad Gita. Part III presents a moving and brilliantly original take on the Mahabharata, as Lidchi-Grassi gives a voice to the forgotten victims of every war—the ordinary citizens who must pick themselves up, and resume the business of life. An old order has been swept away, but can the new age—the Kali Yuga—help lessen human strife and misery? Vastly ambitious in scope and epic in scale, *The Great Golden Sacrifice of the Mahabharata* is an astonishing read.

I knew there was nothing poetic about death. I knew not that the

most horrific battles are fought off the battlefield. Arjun: The idealist in a non-ideal world; the warrior whose deadliest opponent was his conscience. History forgot his voice, but misquoted his silence. My self-esteem originates from me and ends in me. Why does your honor depend on me? Find your own. Draupadi: The untamed tigress, the fragrant flame, the unbridled spirit. Power does not justify sin. Power is not virtue. Virtue is that which lasts in spite of power. Krishn: The enigma whose unique ideology churned the battlefield into a quest for Truth. The Missile ... The Trajectory ... The Vision. The trio that makes for the core of The Mahabharata (Indian Epic). This is their saga. Insightful, visceral and candid. Find 'other' famous Arjuns; compare Arjun vis-a-vis Achilles and Alexander; Explore Myths of Mahabharata. All this and much more in 'Arjun: Without A Doubt'. An account of Sri Aurobindo's & the Mother's work during World War II, on both the occult as well as material planes.

“Unusually accessible and useful . . . An eye-opener to readers into the universality and importance of myth in human history and culture.”—William E. Paden, Chair, Department of Religion, University of Vermont For as long as human beings have had language, they have had myths. Mythology is our earliest form of literary expression and the foundation of all history and morality. Now, in *Parallel Myths*, classical scholar J. F. Bierlein gathers the key myths from all of the world's major traditions and reveals their common themes, images, and meanings. *Parallel Myths* introduces us to the star players in the world's great myths—not only the twelve Olympians of Greek mythology, but the stern Norse Pantheon, the mysterious gods of India, the Egyptian Ennead, and the powerful deities of Native Americans, the Chinese, and the various cultures of Africa and Oceania. Juxtaposing the most potent stories and

symbols from each tradition, Bierlein explores the parallels in such key topics as creation myths, flood myths, tales of love, morality myths, underworld myths, and visions of the Apocalypse. Drawing on the work of Joseph Campbell, Mircea Eliade, Carl Jung, Karl Jaspers, Claude Lévi-Strauss, and others, Bierlein also contemplates what myths mean, how to identify and interpret the parallels in myths, and how mythology has influenced twentieth-century psychology, philosophy, anthropology, and literary studies. "A first-class introduction to mythology . . . Written with great clarity and sensitivity."—John G. Selby, Associate Professor, Roanoke College

"A World in the Making is a kind of anthropological journey taken by four historians that assumes all societies are "hot," and all people make history and always have. We argue in our emphasis on lives and livelihoods for a world constructed, altered, renovated, remade by ordinary people even as we acknowledge the genius of individual innovators, disruptors who broke the mold or struck out in some new direction."--Provided by publisher.

This remarkable grimoire was translated by S.L.M. Mathers from a 15th century French manuscript. This text has had a huge influence on modern ceremonial magic, and has been cited as a primary influence on Aleister Crowley. Abraham of Würzburg, a cabalist and scholar of magic, describes a quest for the secret teachings which culminated in Egypt, where he encountered the magician Abramelin, who taught him his system in detail. The procedure involves many months of purification, followed by the invocation of good and evil spirits to accomplish some very worldly goals, including acquisition of treasure and love, travel through the air and under water, and raising armies out of thin air. It also tells of raising the dead, transforming ones appearance, becoming invisible, and starting storms. The key to this is a set of remarkable magic squares, sigils consisting of mystical words which in most cases can be read in several directions. Of course, these diagrams are said to have no

potency unless used in the appropriate ritual context by an initiate. Mathers analyzed these words in an extensive set of notes and gives possible derivations from Hebrew, Greek and other languages.

"A curious mind, indefatigable eye for detail and a serious intellect. To see what a mind like that does with semiretirement, read *Caught in the Act*."—Shambhala Sun "Her book will appeal to those searching for what is authentic in life, as well as those dealing with transitions. . . ."—Turning Wheel
