WINNER OF THE 2007 CHLA BOOK AWARD! Children's literature has transcended linguistic and cultural borders since books and magazines for young readers were first produced, with popular books translated throughout the world. Emer O'Sullivan traces the history of comparative children's literature studies, from the enthusiastic internationalism of the post-war period – which set out from the idea of a supra-national world republic of childhood – to modern comparative criticism. Drawing on the scholarship and children's literature of many cultures and languages, she outlines the constituent

areas that structure the field, including contact and transfer studies, intertextuality studies, intermediality studies and image studies. In doing so, she provides the first comprehensive overview of this exciting new research area. Comparative Children's Literature also links the fields of narratology and translation studies, to develop an original and highly valuable communicative model of translation. Taking in issues of children's 'classics', the canon and world literature for children, Comparative Children's Literature reveals that this branch of literature is not as genuinely international as it is often fondly assumed to be and is essential reading for those interested in the consequences of globalization on children's literature and culture.

Sandokán, un joven príncipe malayo, subió al trono de Mulder, en la isla asiática de Borneo, cuando apenas tenía veinte años. Pronto comenzó a hacerse fuerte y a conquistar los reinos cercanos. Entonces, viendo amenazado su poder, los hombres blancos, principalmente ingleses y holandeses, se aliaron con el sultán de Varauni para derrotarlo. Las traiciones se sucedían y pronto se asesinó a toda la familia del joven soberano. Sandokán resistió todo lo que pudo, pero acabó siendo vencido por sus enemigos. Entonces, se dedicó a piratear por Borneo al mando de un puñado de valientes que no le habían abandonado. Era perseguido, y, con el paso de los años, se embarcó con sus "cachorros", como él cariñosamente les llamaba, hasta Mompracem, isla que convirtió en su hogar y que pronto se convertiría en el terror

Assam, 1869. At the end of their last adventure, Sandokan and Yanez promised to restore Surama to the throne of her ancestors. Aided by Tremal-Naik, Kammamuri and the Tigers of Mompracem, the Portuguese devises an ingenious plan to take the kingdom from Sindhia, the rajah who had sold her to the thugs many years ago. However, all does not go as easily as predicted for an unexpected adversary thwarts their every move: Teotokris, the rajah's favourite courtier, and a deadlier foe than any they have encountered before.
