Jarhead A Solders Story Of Modern War

Jarhead is the remarkably eloquent account of Swoffords time with the Marines in the run up to and during the first Gulf War. It also gives an insight into the mind of a soldier, both the process that led to him becoming a fighting man and the machinations of his mind as he trains for and then fights the war.

Anthony Swofford's Jarhead is the first Gulf War memoir by a frontline infantry marine, and it is a searing, unforgettable narrative. When the marines -- or "jarheads," as they call themselves -- were sent in 1990 to Saudi Arabia to fight the Iraqis, Swofford was there, with a hundred-pound pack on his shoulders and a sniper's rifle in his hands. It was one misery upon another. He lived in sand for six months, his girlfriend back home betrayed him for a scrawny hotel clerk, he was punished by boredom and fear, he considered suicide, he pulled a gun on one of his fellow marines, and he was shot at by both Iraqis and Americans. At the end of the war, Swofford hiked for miles through a landscape of incinerated Iraqi soldiers and later was nearly killed in a booby-trapped Iraqi bunker. Swofford weaves this experience of war with vivid accounts of boot camp (which included physical abuse by his drill instructor), reflections on the mythos of the marines, and remembrances of battles with lovers and family. As engagement with the Iraqis draws closer, he is forced to consider what it is to be an American, a soldier, a son of a soldier, and a man. Unlike the real-time print and television coverage of the Gulf War, which was highly scripted by the Pentagon, Swofford's account subverts the conventional wisdom that U.S. military interventions are now merely surgical insertions of superior forces that result in few American casualties. Jarhead insists we remember the Americans who are in fact wounded or killed, the fields of smoking enemy corpses left behind, and the continuing difficulty that American soldiers have reentering civilian life. A harrowing yet inspiring portrait of a tormented consciousness struggling for inner peace, Jarhead will elbow for room on that short shelf of American war classics that includes Philip Caputo's A Rumor of War and Tim O'Brien's The Things They Carried, and be admired not only for the raw beauty of its prose but also for the depth of its pained heart.

From the harsh realities of basic training to post-war chaos in Iraq and knife-edge tension in Northern Ireland, Squaddie takes us to a place not advertised in army recruitment brochures. It exposes the grim reality of everyday soldiering for the 'grunts on the ground'. After the tragic death of his brother, and in the dark days following 9/11, McLaughlin felt compelled to fulfil his lifelong ambition to serve in the army. He followed his late brother into the elite Royal Green Jackets and passed the arduous Combat Infantryman's Course at the age of 31. Thereafter, McLaughlin found himself submerged in a world of casual violence. Squaddie is a snapshot of infantry soldiering in the twenty-first century. It takes us into the heart of an ancient institution that is struggling to retain its tough traditions in a rapidly changing world. All of the fears and anxieties that the modern soldier carries as his burden are laid bare, as well as the occasional joys and triumphs that can make him feel like he is doing the best job in the world. This is an account of army life by someone who has been there and done it.

A young man's coming-of-age story set against the backdrop of the First Gulf War.

The publication of Jarhead launched a new career for Anthony Swofford, earning him accolades for its gritty and unexpected portraits of the soldiers who fought in the Gulf War. It spawned a Hollywood movie. It made Swofford famous and wealthy. It also nearly killed him. Now with the same unremitting intensity he brought to his first memoir, Swofford describes his search for identity, meaning, and a reconciliation with his dying father in the years after he returned from serving as a sniper in the Marines. Adjusting to life after war, he watched his older brother succumb to cancer and his first marriage disintegrate, leading him to pursue a lifestyle in Manhattan that brought him to the brink of collapse. Consumed by drugs, drinking, expensive cars, and women, Swofford lost almost everything and everyone that mattered to him. When a son is in trouble he hopes to turn to his greatest source of wisdom and support: his father. But Swofford and his father didn't exactly have that kind of relationship. The key, he realized, was to confront the man-a philanderer, once hard-drinking, now terminally ill Vietnam vet he had struggled hard to understand and even harder to love. The two stubborn, strong-willed war vets embarked on a series of RV trips that quickly became a kind of reckoning in which Swofford took his father to task for a lifetime of infidelities and abuse. For many years Swofford had considered combat the decisive test of a man's greatness. With the understanding that came from these trips and the fateful encounter that took him to a like-minded woman named Christa, Swofford began to understand that becoming a father himself might be the ultimate measure of his life. Elegantly weaving his family's past with his own present-nights of excess and sexual conquest, visits with injured war veterans, and a near-fatal car crash-Swofford casts a courageous, insistent eye on both his father and himself in order to make sense of what his military service meant, and to decide, after nearly ending it, what his life can and should become as a man, a veteran, and a father.

We Pierce is the story of two brothers: one brother, Smith, goes to war. A true believer, he leads a tank company into battle in Iraq during the Gulf War. There he learns about the true nature of patriotism, camaraderie, modern warfare and, finally, the soldiers' secret that some things learned over there are better not brought back home. Meanwhile Sam, an aspiring writer, as much a rebel as his older brother is a natural leader, is busy protesting against the war in Times Square in New York and on the Capitol steps in Washington, D.C. But he questions the strength of his own beliefs, while losing his own battle with alcohol and narcotics. Both brothers are haunted by the depth of the sacrifice at home incurred by their family's commitment to honor and duty on battlefields abroad. As he did with his first novel, American by Blood, acclaimed novelist Andrew Huebner draws on his family's long experience with violence and military service and renders a haunting novel of war. From the desert of Iraq to the Lower East Side of New York, We Pierce is about fighting for what you believe in, no matter what the cost to yourself or your brother.

Based on Evan Wright's National Magazine Award-winning story in Rolling Stone, this is the raw, firsthand account of the 2003 Iraq invasion that inspired the HBO® original mini-series. Within hours of 9/11, America’s war on terrorism fell to those like the twenty-three Marines of the First Recon Battalion, the first generation dispatched into open-ended combat since Vietnam. They were a new pop-culture breed of American warrior unrecognizable to their forebears—soldiers raised on hip hop, video games and The Real World. Cocky, brave, headstrong, wary and mostly unprepared for the physical, emotional and moral horrors ahead, the “First Suicide Battalion” would spearhead the blitzkrieg on Iraq, and fight against the hardest resistance Saddam had to offer. Hailed as “one of the best books to come out of the Iraq war”(Financial Times), Generation Kill is the funny, frightening, and profane firsthand account of these remarkable men, of the personal toll of victory, and of the randomness, brutality and camaraderie of a new American War.

After the overthrow of Saddam Hussein, First Sergeant Daniel Hendrex was dispatched along with his unit, Dragon Company, to Husaybah, a small town bordering Syria in the Sunni-dominated Al Anbar Province in Iraq. Their mission was to plug the bottleneck at the border checkpoint, where foreign fighters and weapons smugglers were filtering through daily to join the increasingly menacing insurgency growing rapidly in the region. It was at this checkpoint, amid relentless attacks, that Daniel and his men found the most effective ally of the war effort in the most unlikely of sources. In December 2003 a skinny Iraqi kid about fourteen years old approached one of the soldiers at the border and said simply, "Arrest me." Jamil, as he was called, claimed to have valuable information about the insurgency, but First Sergeant Hendrex was skeptical -- especially when the boy announced that the man he wanted to turn in was his own father. The story that unfolds is one of heart-breaking tragedy, remarkable courage, and unprecedented resiliency, as this child of the insurgency takes it upon himself to fight back with the help of the U.S. Army...and loses everything in the process -- his country, his home, and his family. But through the power of his own conviction and his finely honed survival skills, Jamil (who was quickly nicknamed Steve-O by the soldiers of Dragon Company) sought refuge with the U.S. military in exchange for information. He risked everything he knew for a chance at freedom -- a choice few men, let alone children, have to make in their lifetimes. And after Steve-O helped save countless lives, First Sergeant Hendrex made it his personal mission to repay his debt and get the boy to safety. A Soldier's Promise is an incredible story of sacrifice and courage by an Iraqi boy and the U.S. soldiers who protected him from certain death by bringing him to the United States. It's an astonishing tale of two countries and two very different kinds of people joining together against terror and tyranny, and of the young man who, against all odds, gave Dragon Company what they desperately needed -- hope.

The characteristic act of men at war is not killing. It is killing by committing shocking and unspeakable atrocities, when circumstances permit. What drives ordinary people into hatred, genocide, inhumanity and evil? What turns friends and neighbours against each other with such savagery? Where does such barbarity come from? This collection examines the anarchy, cruelty and overwhelming confusion of modern warfare. In particular it analyzes:
ε what happens when morality vanishes from the battlefield and why torture is endemic in modern warfare;
ε how human rights, in times of war, lose meaning as a set of principles;
ε whether official propaganda and enemy demonization make barbaric behaviour easier;
ε how we can develop cultures opposed to torture that damage the legitimacy of our societies. Through a wealth of case studies that have been carefully selected in terms of their themes, approaches and methodologies, this comprehensive volume provokes discussion and enhances understanding from a variety of disciplinary perspectives.

This is not your father's war This is Iraq, where a soldier's first duty is reinforcing his Humvee with sheet metal and sand bags. Or, in the absence of plumbing, burning barrels of human waste. Where any dead dog on the side of the road might be concealing an insurgent's bomb and anyone could be the enemy. At age 17, Jason Christopher Hartley joined the Army National Guard. Thirteen years later, he is called to active duty, to serve in Iraq. Sent to a town called Ad Dujayl, made notorious by Saddam Hussein's 1982 massacre, Hartley is thrust into the center of America's war against terrorism. This is his story. "If you are distrustful of the media and want to know exactly what's going on in Iraq, you'll have to pray for divine enlightenment, because only god knows what the hell is going on over here. However, if you want to know how it feels to be a soldier in Iraq, to hear something honest and raw, that I can help you with." Sometimes profane, often poignant, and always nakedly candid, Just Another Soldier takes the reader past the images seen on CNN and the nightly news, into the day to day reality of life on the ground as an infantryman, attached to the 1st Division, in the first war of the 21st century. From the adrenaline rush of storming a suspected insurgent's house, to the sheer boredom of down time on the base, to the horror of dead civilians, Hartley examines his role as a man, as a soldier and as

an American on foreign soil. His quest to discover the balance between his compassionate side and his baser instincts, results in a searing portrait of today's Army and a remarkable personal narrative written in a fresh and exciting new voice. Just Another Soldier is more than a war story; it delivers an intimate look at a generation of young men and women on the front lines of American policy. Whether you're for or against the war in Iraq, this is essential reading.

On 8 November 2004, the largest battle of the War on Terror began, with the US Army's assault on Fallujah and its network of tens of thousands of insurgents hiding in fortified bunkers, on rooftops, and inside booby-trapped houses. For Sgt. David Bellavia of 3rd Platoon, Alpha Company, it quickly turned into a battle on foot, from street to street and house to house. On the second day, he and his men laid siege to a mosque, only to be driven to a rooftop and surrounded, before heavy artillery could smash through to rescue them. By the third day, Bellavia charges an insurgent-filled house and finds himself trapped with six enemy fighters. One by one, he shoots, wrestles, stabs, and kills five of them, until his men arrive to take care of the final target. It is one of the most hair-raising battle stories of any age -- yet it does not spell the end of Bellavia's service. It would take several more weeks before the Battle of Fallujah finally came to a close, with Bellavia, miraculously, alive. In the words of the author: "HOUSE TO HOUSE holds nothing back. It is a raw, gritty look at killing and combat and how men react to it. It is gut-wrenching, shocking and brutal. It is honest. It is not a glorification of war. Yet it will not shy from acknowledging this: sometimes it takes something as terrible as war for the full beauty of the human spirit to emerge."
