From the author of the celebrated classic *Louder Than Hell* comes an oral history of the badass Heavy Metal lifestyle—the debauchery, demolition, and headbanging dedication—featuring metalhead musicians from Black Sabbath and Judas Priest to Twisted Sister and Quiet Riot to Disturbed, Megadeth, Throwdown and more. In his song "You Can't Kill Rock and Roll," Ozzy Osbourne sings, "Rock and roll is my religion and my law." This is the mantra of the metal legends who populate *Raising Hell*—artists from Black Sabbath, Judas Priest, Slipknot, Slayer, and Lamb of God to Twisted Sister, Quiet Riot, Disturbed, Megadeth, and many more! It's also the guiding principle for underground voices like Misery Index, Gorgoroth, Municipal Waste, and Throwdown. Through the decades, the metal scene has been populated by colorful individuals who have thwarted convention and lived by their own rules. For many, vice has been virtue, and the opportunity to record albums and tour has been an invitation to push boundaries and blow the lid off a Pandora's box of riotous experiences: thievery, vandalism, hedonism, the occult, stage mishaps, mosh pit atrocities, and general insanity. To the figures in this book, metal is a means of banding together to stick a big middle finger to a society that had already decided they didn't belong. Whether they were oddballs who didn't fit in or angry kids from troubled backgrounds, metal gave them a sense of identity. Drawing from 150-plus first-hand interviews with vocalists, guitarists, bassists, keyboardists, and drummers, music journalist Jon Wiederhorn offers this collection of wild shenanigans from metal's heaviest and most iconic acts—the parties, the tours, the mosh pits, the rage, the joy, the sex, the drugs... the heavy metal life! *Horns!*

In the fall of 1948, Ernest Hemingway made his first extended visit to Italy in thirty years. His reacquaintance with Venice, a city he loved, provided the inspiration for *Across the River and into the Trees*, the story of Richard Cantwell, a war-ravaged American colonel stationed in Italy at the close of the Second World War, and his love for a young Italian countess. A poignant, bittersweet homage to love that overpowers reason, to the resilience of the human spirit, and to the worldweary beauty and majesty of Venice, *Across the River and into the Trees* stands as Hemingway's statement of defiance in response to the great dehumanizing atrocities of the Second World War. Hemingway's last full-length novel published in his lifetime, it moved John O'Hara in *The New York Times Book Review* to call him "the most important author since Shakespeare."

If your dog could choose a book for you to read it would surely be this one. Behaviorist, Shay Kelly shows you how to become your dog's best friend by providing simple, fun activities to spark their mind and enrich their life. A lack of mental stimulation is a leading contributory factor in dog behavioural problems. Ensuring that our dog's needs are met is the first step in avoiding and rectifying problematic behaviour. Shay's practical approach and behaviour knowledge combine in this critically acclaimed book, to deliver practical, kind, and scientific advice. - What Dr Susan Friedman says about the book: I am so happy to have Shay Kelly's book, "Canine Enrichment" to recommend to all animal caregivers. As I often say, animals are built to behave, not to be still; and, arranging the environment to facilitate meaningful behavior, that is, behavior that leads to strong positive reinforcers, is as necessary to behavioral well being as healthy food is to physical health. With this book, Mr. Kelly gives practical examples and ignites the imagination to result in endless possibilities to improve the lives of the learners in our care.-What Sara Sokol says about the book: Canine Enrichment: the book your dog needs you to read" is essential reading for any dog guardian who wants to provide their dog with the most satisfying, fun, and fulfilled life possible. Mr Kelly inspires and motivates the reader while educating them on the importance of providing enrichment to their canine companions. The result is a dog/human team who is physically, mentally, and emotionally fulfilled and behaviorally at their best. As a dog trainer and behavior specialist, I am thrilled to have this book as a reference for my clients and provide a copy to all of my new clients.

The Ruffhouse Records founder tells how he overcame poverty, abuse, and addiction to start a label that launched some of music's biggest stars: "Gripping." —Philadelphia Magazine As a struggling musician trying to catch a break in 1980s Philadelphia, Chris Schwartz navigated the crime-infested, morally bankrupt music industry to found and build one of the most successful hip-hop record labels in the world. That label was Ruffhouse, which launched the careers of Nas, The Fugees, Cypress Hill, and others, dominating the charts and generating global revenues of over a billion dollars. Schwartz and his partner, Joe Nicolò, built Ruffhouse from one desk and a phone to one of hip-hop's most revered record companies while simultaneously struggling with drug addiction and alcoholism. A story of money, greed, envy, betrayal, violence, addiction, loss, and redemption, not to mention a whole lot of music, Ruffhouse reveals the inside story of the record companies, recording studios, tour buses, private jets, mansions, radio stations, and concert halls at the height of hip-hop's 1990s heyday while also uncovering the darker side of the business, from police stations to rehab clinics, courtrooms to prisons. Told in Schwartz's own candid, searing prose, Ruffhouse is a portrayal of hip-hop culture at its tipping point, as it transitioned from urban curiosity to global phenomenon. "[A] story of adversity and perseverance...Fans of these artists will love the insider information on the recording process and the trials and tribulations of getting this music out into the world." Library Journal "All respect to Chris Schwartz. He is a great visionary." —Nas
