For undergraduate courses in corporate finance and financial management. Develop and begin to apply financial principles People often struggle to see how financial concepts relate to their personal lives and prospective careers. Financial Management: Principles and Applications gives readers a big picture perspective of finance and how it is important in their personal and professional lives. Utilizing five key principles, the 13th Edition provides an approachable introduction to financial decision-making, weaving in real world issues to demonstrate the practical applications of critical financial concepts. Also available with MyFinanceLab(tm) MyFinancelab is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. Note: You are purchasing a standalone product; MyLab(tm)& Mastering(tm) does not come packaged with this content. Students, if interested in purchasing this title with MyLab & Mastering, ask your instructor for the correct package ISBN and Course ID. Instructors, contact your Pearson representative for more information. If you would like to purchase both the physical text and MyLab & Mastering, search for: 0134640845 / 9780134640846 Financial Management: Principles and Applications Plus MyFinancelab with Pearson eText -- Access Card Package Package consists of: 0134417216 / 9780134417219 Financial Management: Principles and Applications 0134417607 / 9780134417608 MyFinanceLab with Pearson eText -- Access Card -- for Financial Management: Principles and Applications

The sixth edition of Financial Management provides students with an overview of financial management suited to the first course in finance. The focus of the text is on the big picture, providing an introduction to financial decision making grounded in current financial theory and the current state of world economic conditions. Attention is paid to both valuation and capital markets, as well as their influence on corporate financial decisions. The 10 basic principles of finance are introduced in the first chapter and woven throughout the text, to give students a solid foundation from which to build their knowledge of finance. The goal of this text is to go beyond teaching the tools of a discipline or a trade and help students gain a complete understanding of the subject. This will give them the ability to apply what they have learnt to new and as yet unforeseen problems—in short, to educate students in finance.

Now hiring, look before you leap, sport agent, modeling the future with actuarial science, municipal manager. Marketing and sales : your product = your customers capital budgeting decision. Information technology, operation management, corporate law.

For courses in Corporate Finance A balanced overview of financial management theory and practice Finance is one of the key drivers of a firm's activities, and a critical component to understanding business in general. Financial Management: Concepts and Applications is designed to help students with no prior knowledge grasp the applications and relevance of finance. Author Stephen Foerster reveals the practical side of finance, rather than just its theoretical concepts, and shows how finance intersects with many other areas of business. Thoroughly integrated with the text, MyFinancelab places personalized practice opportunities just a few clicks away and provides a truly interactive learning experience. This program provides a better teaching and learning experience—for you and your students. It will help you to: • Personalize learning with MyFinancelab: This online homework, tutorial, and assessment program provides students the help they need, when they need it, and allows unlimited practice. • Encourage students to focus on the big picture: A thematic approach helps students achieve a holistic view of how finance impacts many aspects of business. • Highlight applications of finance: A strong emphasis on applications helps students see the relevance of finance, and keeps them interested in the course. • Foster thorough understanding via learning aids: Various tools, throughout the text and at the end of each chapter, support students as they learn and review. Note: If you are purchasing the standalone text or electronic version, MyFinanceLab does

not come automatically packaged with the text. To purchase MyFinanceLab please visit www.myfinancelab.com or you can purchase a package of the physical text + MyFinanceLab by searching for 0133578089 / 9780133578089. MyFinanceLab is not a self-paced technology and should only be purchased when required by an instructor.

Gitman's Brief Third Edition approaches introductory finance with a focused concentration on the fundamental concepts, techniques, and practices of managerial finance. Integrating pedagogy with the concepts and practical applications necessary for a solid understanding of managerial finance, this edition equips instructors and students to concentrate on the concepts, techniques, and practices for keen financial decision making in an increasingly competitive business environment.

Once again, Principles of Managerial Finance brings you a user friendly text with strong pedagogical features and an easy-to-understand writing style. The new edition continues to provide a proven learning system that integrates pedagogy with concepts and practical applications, making it the perfect learning tool for today's students. The book concentrates on the concepts, techniques and practices that are needed to make key financial decisions in an increasingly competitive business environment. Not only does this text provide a strong basis for further studies of Managerial Finance, but it also incorporates a personal finance perspective. The effect is that students gain a greater understanding of finance as a whole and how it affects their day-to-day lives; it answers the question "Why does finance matter to ME?" By providing a balance of managerial and personal finance perspectives, clear exposition, comprehensive content, and a broad range of support resources, Principles of Managerial Finance will continue to be the preferred choice for many introductory finance courses.

Revised edition of Foundations of finance, 2014.
