The latest edition of the NERO Alliance rulebook has taken positive steps in differentiating it from NERO International. Three new character-classes, new spells, a new Formal Magic system all make it clear that this is not old-school NERO. The new classes and the reworking of the skills costs table make for a more diversified low- to mid- level game.

The first novel in William C. Dietz's acclaimed Legion of the Damned series... There is one final choice for the hopeless—the terminally ill, the condemned criminals, the victims who cannot be saved: becoming cyborg soldiers in the Legion. Their human bodies are destroyed and they are reborn as living weapons. But when aliens attack the Empire, the Legion must choose sides.

Imprisoned after attacking the man who had assaulted his girlfriend, Tonya, Johnny becomes embroiled in an intimate relationship with James, an openly gay fellow convict, finding himself torn between Tonya and his feeling for another man, while Tonya finds comfort in the arms of a rap musician. Original. 17,500 first printing.

Our taste for blood sport stops short at the bruising clash of football players or the gloved blows of boxers, and the suicide of a politician is no more than a personal tragedy. What, then, are we to make of the ancient Romans, for whom the meaning of sport and politics often depended on death? In this provocative, thoughtful book, Paul Plass shows how the deadly violence of arena sport and political suicide served a social purpose in ancient Rome. His work offers a reminder of the complex uses to which institutionalized violence can be put. Violence, Plass observes, is a universal part of human life, and so must be integrated into social order. Grounding his study in evidence from Roman history and drawing on ideas from contemporary sociology and anthropology, he first discusses gladiatorial combat in ancient Rome. Massive bloodshed in the arena, Plass argues, embodied the element of danger for a society frequently engaged in war, with outsiders--whether slaves, criminals, or prisoners of war--sacrificed for a sense of public security

"The horse makes me better." Sallie Stewart suffered a traumatic brain injury when her Andalusian stallion, Escogido XXV, lost his footing and fell over while she was riding him. Sallie hit the ground first, and then Esco landed on Sallie's head, causing facial fractures and a brain injury that dramatically changed her life. A successful real estate broker and dressage rider at the time of the accident, Sallie had been leading a happy life with her husband, children, and four horses. After Esco fell on her, she lost her memory, her balance, and her ability to perform the most basic tasks. She couldn't hold a job or shake the overwhelming fear that replaced the confidence she once felt. While her husband and sons taught her to walk, talk, dress, and feed herself, Sallie's greatest healing was still to come. With her personal life in disarray and her family's finances in tatters, Sallie was contemplating suicide when she received a life-changing phone call from her dressage coach, Mike Osinski. Osinski calmed the traumatized horse and challenged Sallie to conquer her fears. As she progressed in her lessons, Sallie recovered her memories and developed a new sense of self. She discovered that her deepest healing took place on the back of the very horse that had fallen on her. "Escogido XXV: The Chosen" tells the story of a courageous woman, a compassionate trainer, an extraordinary horse, and their determination to heal their accidental wounds.
