Today's sexual confusion is not caused because the world glorifies sexuality, but because the world fails to see its glory. Through his Theology of the Body, Saint John Paul II unveiled the beauty of God's plan for human love. Take sixty minutes, and discover how the human body in its masculinity and femininity reveals who we are and how we are called to live.

This is a simple introduction to the basic premise of Theology of the Body. It explains how our bodies are symbolic, free, meant for love, and redeemed by Christ. It presents unambiguous reasons for the Church's teaching on premarital sex, contraception,

In response to a world awash in sexual chaos and gender confusion, this book offers a bold and thoroughly biblical look at the meaning of the body, sex, gender, and marriage. Bestselling author, cultural commentator, and popular theologian Christopher West is one of the world's most recognized teachers of John Paul II's Theology of the Body. He specializes in making this teaching accessible to all Christians, with particular attention to evangelicals. As West explains, from beginning to end the Bible tells a story of marriage. It begins with the marriage of man and woman in an earthly paradise and ends with the marriage of Christ and the church in an eternal paradise. In our post-sexual-revolution world, we need to remember that our bodies tell a divine story and proclaim the gospel itself. As male and female and in the call to become "one flesh," our bodies reveal a "great mystery" that mirrors Christ's love for the church (Eph. 5:31-32). This book provides a redemptive rather than repressive approach to sexual purity, explores the true meaning of sex and marriage, and offers a compelling vision of what it means to be created male and female. Foreword by Eric Metaxas.

It was Blessed John Paul II's greatest gift to the Church: Theology of the body. A window into who we are, the theology of the body is a theology for the rooms where we make love. But it's also a theology for the rooms where we work, where we eat, where we laugh, and where we pray. These Beautiful Bones takes you on a walk through those rooms. With both humor and practical wisdom, it sheds light on what the theology of the body has to say about life beyond the bedroom, about the everyday moments of life, helping you discover how to let grace enter into those moments and make of them something extraordinary.

"According to Pope John Paul II, if we live according to the true meaning of our sexuality, we 'fulfill the very meaning of [our] being and existence.'" The human body is a "theology" because it is meant to be a sign of God's own life and love in the world. With clarity and precision, Christopher West unpacks John Paul II's Theology of the Body, translating it into a language everyone can understand"--Amazon.

One of the most significant contributions of Pope John Paul II to the church, and arguably to the culture, was his development of a theology of the body. This theology explores the rich meaning and vocation of human embodiment, of the body-person, in light of the fundamental truths of creation, fall into sin, and redemption in Jesus Christ. In this book, Eduardo J. Echeverria inquires into the biblical, theological, and philosophical foundations of the Pope's theology of the body. In a wide-ranging discussion of a Catholic theology of revelation, biblical hermeneutics, and a biblical perspective on the Christ-centered dynamics of the moral life, Echeverria clearly establishes the fundamental principles needed for a full understanding of John Paul II's thought. He probes the philosophical foundations of the Pope's thought in the context of a Catholic theology of nature, sin, and grace. The book concludes with an analysis of the normative implications of the Pope's theology for sexual ethics and provides a novel and provocative application of the theology of the body to the morality of homosexuality. Echeverria's study of John Paul II's theology of the body helps us to make sense of how the pope's theology deepens our understanding of the Catholic teaching that "the human body shares in the dignity of the 'image of God'" (Catechism of the Catholic Church, no. 364).
