mechanics to inspect a used vehicle before you purchase it! Using descriptive text, and over 150 detailed photos, this buyers guide will show you how to differentiate between a car with major problems and a car with normal wear and tear. Then, the guide will help you make a list of maintenance items and repairs that will be needed in the near future. A list that you can bargain with, during price negotiations. The book will show you tips on finding flood damaged cars, "lemons", and cars that have been destroyed in wrecks, fixed, and put back on the road. "How to Inspect Any Used Car or Truck" will teach you just what you need to know about the workings of an automobile and where to look for the problems. This inspection process can be done on site and is non invasive. The only things you will need for your inspection is a flashlight, a small mirror and something to lay or kneel on. The author has 15 years of experience as an ASE Master Mechanic and has written this guide so that anyone can thoroughly inspect any used vehicle. Even if you have never checked your oil level or air pressure in your tires, this guide will give you the knowledge and wisdom to inspect any used car or truck! You can keep this guide to help friends and family members inspect potential vehicles before they purchase. This guide will not only save you a fortune on car repairs, by helping you avoid the true money pits, but will also make you a smarter consumer and more knowledgeable about car repairs, so you don't get
